ERGONOMICS MEETS MODERN DESIGN

NMPE ComfortForm Chair

Serious Ergonomic Support, Without the Standard Black-Office-Chair Look

Your office chair has an important job to do — but that doesn't mean it needs to look bulky, clinical or like it belongs in a corporate cubicle.

- 2-year warranty
- Rated to 120kg
- Mesh back & Moulded foam seat

Seat Height	Gas-lift adjustable
Tilt	Tilt function with one locking position
Base	Stable five-star nylon base
Castors	Smooth-rolling nylon castors
Maximum User Weight	120 kg

Key features WHY IT WORKS

Adjustable Lumbar Support
Position the lumbar support to better suit the natural curve of your lower back and your preferred sitting position.

Contoured Moulded-Foam Seat
Supportive cushioning helps distribute sitting pressure more evenly while providing a substantial seating surface for everyday use.

Breathable Mesh Back
The mesh backrest encourages airflow around your back, making it particularly practical for longer periods of desk work.

Integrated Headrest
Provides additional support when you lean back and take a break from your normal upright working position.

IDEAL FOR

- Home Offices
- Hybrid Workspaces
- Contemporary Offices

For health professionals

Supporting OTs, physiotherapists, exercise physiologists and osteopaths with assessment reports.

WHEN TO RECOMMEND

- Recommend where the worker needs an adjustable ergonomic chair in a design-led or home office setting.
- Prolonged sitting
- Worker requires adjustable lumbar support and armrests

CLINICAL JUSTIFICATION

The NMPE ComfortForm Chair is recommended for prolonged desk work where a contemporary design is preferred. Adjustable lumbar support allows lumbar contact to be positioned to the worker's spine, and 3D armrests can be adjusted to support the forearms close to the desk, reducing shoulder loading.
